Bring ideas to life
VIA University College

UXU 6

Usability testing using Think Aloud

Hand in asap

- The names and study numbers of the group members
- The title of your course assignment
- Short description of what you expect to work with

- Send it by mail to:
- hekp@via.dk

Agenda

- Short intro to Usability testing
- Exercise in usability testing in class
- Plenum
- Exercise usability testing on other students

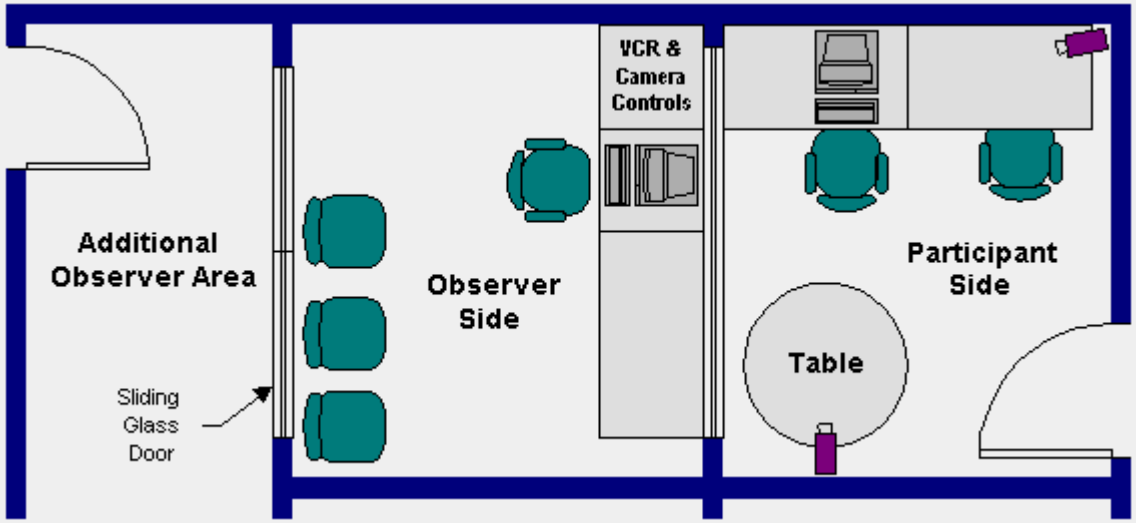

5 key issues in Data Gathering

1. Setting Goals
2. Identifying Participants (one or more at a time)
3. Relationship with Participants
4. Triangulation
5. Pilot Studies

Have this in mind, when you plan the test

Settings

- Controlled

- Natural

Think Aloud in 4 ways

- Traditionally
  - (only say keep talking)
- Speech Communication
  - (Why did you click that button, what are you wondering about)
- Coaching
  - Helping when they get stuck
- Silence
  - No probing, no thinking aloud

Data Recording

- Notes and pictures
- Sound
- Video

Let's try it out right here

- And right now

Setting goal

- The purpose is to see how students find information on MyVia
- So this test is a set of small tasks on MyVia

Participants

Groups of 2

- 1 test person
- 1 moderator (the tester)

Relationship with participant

- Make sure, it is ok to conduct the test.
- Make sure to explain the purpose of the test
- Don’t forget to thank your participant afterwards

Exercise Task set 1

- In MyVia
  - Find the name of the photographer in tomorrows Wonders in the Shadows
- In MyVia
  - Find the last day of tuition this semester
- In MyVia
  - Can you have special exam conditions if you have a broken leg?

Exercise Task set 2

- In MyVia
  - Find the name and contact info of your Student Councellor
- In MyVia
  - Find out how many minutes the UXU1 exam is
- In MyVia
  - How can you join the Drama Community?

Exercise task

- Given this info:
  - Find colourbox on MyVia
  - The key is: **63177728594**
- Create a Colourbox-account and download a picture of virtual reality without water mark

Exercise task 2 (extra test)

- IKEA wants to find out how their custumers find information beyond product info using Billie (Chat bot)
- So they arrange a Usability Test

- Task:
  - Start by entering the IKEA web site
  - Open the chat in the bottom right corner
  - From here, find the guarantee period for the SINNERLIG pendel

Exercise

- Perform a Think Aloud Test on a number of persons
  - Could be students, who would like to have a colourbox login
- Perform the test on the given exercise task
- Be back afterwards at 15:20
